

# King's X, Get Away

Hey God, I watched the news tonight  
Why are your people so fucking mean?  
Hey God, that kid was locked up for 3 years  
Why do the innocent suffer?  
Where do you go to get away?

Hey God, they say you're perfect and in control  
And I am falling apart  
Hey God, the god of so many names  
But who can I blame?  
What the hell are you thinking?  
Where do you go to get away?

We're standing here counting our fears  
Abraham  
Live in a desert there's nothing there  
Abraham  
Where do you go to get away?
