

# King's X, The Tower

I am the Captain and it feels absurd  
How I let my life crash down by your every word  
And I know you feel the weight it puts on you  
But I can't stop thinkin' we can make it through

Ooh, can we keep it hangin' on the tower, yeah, yeah  
Ooh, can we keep it hangin' on the tower

Can you believe in what you want to feel?  
Not turning back but going up the hill  
I'm sure there is a view from the very top  
And then it's all downhill and never stop

Ooh, can we keep it hangin' on the tower, yeah, yeah

Ooh, can we keep it hangin' on the tower, yeah, yeah

Last night I said out loud a little prayer  
And don't believe it died out in the air  
It maybe seems impossible today  
But I will keep believing anyway  
Every day  
All the way

Ooh, can we keep it hangin' on the tower, yeah, yeah  
Ooh, can we keep it hangin' on the tower, yeah, yeah  
Can we keep it hangin' on the tower, yeah, yeah  
Can we keep it hangin' from the tower, yeah, yeah
