

Kingdom Come, Gonna Lose Her

Invitation to a false solution
Too much sadness, turned to madness
No illusion

White temptation, in a lonely nation
You've been reaching out, now you've lost your ground
Poor sensation

Gonna lose her
Can't control her
ain't no healer
(I've tried to help her out)

Words of wisdom
Never made you listen
You knew wrong from right
Still you had to try
Sad decision
