

# Kingdom Come, Hideaway

Faces all around us frowning  
Fighting hard to keep from drowning  
Wish we were alone  
Wishin' we could go  
Runnin' for our love  
Wishin's not enough

Got to hideaway

All around us things are crashing  
Everywhere there's red lights flashing  
Wish we were alone  
Wishin' we could go  
Runnin' for our love  
Wishin's not enough

Got to hideaway

Seems this roads without an ending  
Seems as if this routes descending  
Wish we were alone  
Wishin' we could go  
Runnin' for our love  
Wishin's not enough

Got to hideaway
