

Kingdom Come, Hope Is On Fire

Another bloody day 's in sight
What a thrill we're still alive
TV's shouting on and on!
War is raging, peace is gone

Hope is on fire
No more desire

Sorry if I don't suit your style
I just woke up it took a while
Pardon me I'm running late
I'm busy trying to escape

[Chorus:]
Hope is on fire
Damage done in definite
No more desire
Time out for dreamer
Mother earth just won't forgive
Too late for healer
