

# Kingdom Come, Just Like A Wild Rose

Two days in time  
Seems like she's mine  
Now I'm addicted to  
Something inside  
All of her charms  
Wrapped in my arms  
I never knew, I never knew  
I'd see so much and yet be blind

The storm's coming slow  
She'll love me and go  
She's just like a wild rose

Electric touch  
Almost too much  
In between love and pain  
Passionate flames  
Never forget  
Ain't finished yet

I never knew, I never knew  
That I could feel so strong inside

The storm's coming slow  
She'll love me and go  
She's just like a wild rose

Walking on clouds  
Don't want to come down  
Ain't leaving town  
While she's still around

The storm's coming slow  
She'll love me and go  
She's just like a wild rose
