

Kingdom Come, Outsider

I don't mind simple rules so we won't live like cavemen
But I won't let them take what is left of my freedom

[Chorus:]

So tired, worn out
My tears are gone
Outsider
But not the only one

All I hear 's don't do this, don't do that
You're a madman
Had enough I'm not just their political trash can

You may think I'm a fool who is living in dreamland
Rather that,
Than like you who are walking on quicksand, oh

So tired, worn out
My tears are gone
Outsider
Is what I have become...
