

# Kingdom Come, Pushin' Hard

I wish we'd end this suffering  
And all this crazy ranting  
Instead of weapon waving  
There would be lives we're saving

Pushin' hard

Me fear is for the children  
And for the lives they're building  
I wish I knew the answer  
We could avoid disaster

Pushin' hard

So let the sun stream on down from the sky  
And let the moments slip on slowly by  
Instead of pushin' hard  
We wouldn't feel so lonely inside

I wish we end... [Repeat]  
And all this...  
I wish I knew the answer  
We could avoid disaster
