Kingdom Come, Thank You All

Here I am once again Need a true helping hand Yes I do, yes I do

I ain't wise, I ain't cool Lot of times, been a fool Yes I know, yes I know, sure I know

I'll be back , with full attack And waving flags, standing tall

Thank you God, for my friends For a fair second chance Thank you all, thank you all

I'm so glad you're around Always there, when I'm down Knowing you, got me through Catch my fall, catch my fall

I'll be back , with full attack And waving flags, standing tall Thank you all Never crawl Stand up tall
