

# Kings Of Leon, Around The World

My corner, you'll find me every day  
The boys come out  
That's where we like to play  
Gonna tag along, I'll set the way  
And tried to get high  
The price you gonna pay

Been around the world been around the world  
The stormy gates and the maiden Pearl  
All around the world all around the world  
I lost myself and found a girl

Keep dancing, like its ya last time  
We're so thin ice, swimming in the light  
When the curtain falls, I'm on your scene  
"What sweet surprise" - she said to me

Been around the world been around the world  
The stormy gates and the maiden Pearl  
All around the world all around the world  
I lost myself and found a girl  
Take it all the way, take it all the way  
All the way  
All around the world all around the world  
I lost myself and found a girl
