

# Kings Of Leon, Ease Me On

Lost a couple dollars on the ponies in the rain  
I dropped out on my knees  
Cut right down to size  
Over a cup of coffee i was trying to explain  
I could not speak your name  
Barely look you in the eye

By the way they say it stopped raining  
By your face it isn't hard to tell  
This isn't going well

Ease me on  
When the timing is aligning  
You will know  
Ease me on  
When you're ready  
I'll be ready steady go

You're sitting fine in sunshine  
Got no reason to complain  
How can i ever change if i never try  
Koko brings us ice cream while we're waiting  
Waiting on the day to never end  
And we have to go again

Ease me on  
When the timing is aligning  
You will know  
Ease me on  
When you're ready  
I'll be ready steady go  
Always on my mind x 12
