

# Kings Of Leon, Frontier City

Find yourself a new frontier,  
'Cause life is goin', goin', gone.  
Fly yourself away from here into the clear,  
Before its goin', goin', gone.

Say it loud and in a lie,  
Before its goin, goin, gone.  
Shake the hands, the hands that pick, pick the fight,  
'Cause life is goin', goin', gone.

Yes I'll find you, and cut you down.  
Bitter neighbors, a sleepy town.  
Did you wake up all alone?  
Pick your face up, we come we go,  
We live until we live no more.

Travel with the dead black eye,  
Before it's come and - come and gone.  
Cradles and the rockin' chairs that make a life,  
Before its come and - come and gone.

Yes I'll find you, and cut you down.  
Bitter neighbors, a sleepy town.  
Did you wake up on the floor?  
Pick your face up, we come and go, we come and go,  
We come and go.
