

# Kings Of Leon, Velvet Snow

Walking like you're stuck in velvet snow  
Start in on your story and I'll go  
Walking like you're stuck in velvet snow

Glowing 'cuz you're sweatin' on our floor  
Glowing 'cuz you're sweatin' on our floor  
Dancing like you'll never dance no more  
Glowing 'cuz you're sweating on our floor

Then you go and when you go  
You get to going way too fast and I'm so slow  
Turn out the lights 'cuz she's a-coming to fight  
And then she'll go

Death row smoking gettin' to your face  
Death row smoking gettin' to your face  
Showin' off your something shaved and lac, see  
Death row smoking gettin' to your face

Then you go and when you go  
You get to going way too fast and I'm so slow  
Turn out the lights 'cuz she's a-coming to fight  
And then she'll go

And then you go and when you go  
You get to going way too fast and I'm so slow  
Turn out the lights 'cuz she's a-coming to fight  
And then she'll go

Little Jo she warned me not to call you  
Stoked that you were carrying some bad news  
Leave it up to me and I'll just drown you  
Out into the city where you came from.
