

# Kingston Wall, Have You Seen The Pygmi-Mies?

Something made me go there and while I just had to find it  
The ground was very sinking so I figured I'd lay down  
Close my eyes and felt the mud  
Right under my back bone  
A toad with such a smell they woke me up and asked me friendly:  
Have you seen the sandman, see I haven't slept for ten days  
- &quot;No I haven't seen him, but have you asked the pygmis?  
They gave me herbs to cure me out, now I see some weird things ..&quot;  
Let's go see the tiny folks when the moon is shining  
Meet you there across the crane  
I think I must be dying  
&quot;Have you touched the trees across the fields?&quot;, they were all smiling  
- &quot;Go back there and touch the trees, if you still can find there ..&quot;
