

Kinky Machine, Alsatians

Alsatians Alison

???

Somebody take her home

She's barking at strangers

Head ???

With washing up fingers

Gold teeth and singalongs

???

Every night it's just the same

I don't wanna know your name

I don't wanna see you again

Alsatians Alison

Alsatians Alison

Beer breath smells like the truth

Words I should've swallowed

Put my head in the noose

I left and they followed

They didn't wanna know my name

I hope I don't see them again

My memory's a bloody stain

Alsatians Alison

Alsatians Alison

Alsatians

Alsatians

Alsatians

I spilt a drink or two

Without enough sorrow

Break??? on my tooth

If my pockets hollow

They didn't wanna know my name

I hope I don't see them again

My memory's a bloody stain

Alsatians Alison

Alsatians Alison

Alsatians Alison

Alsatians

Alsatians

Alsatians

Alsatians Alison
