

Kinky Machine, Chemical Lullaby

Chemical lullaby
I'm on your suicide
With kamikaze eyes
Sing me to sleep tonight

My chemical lullaby
I always be safe inside
Chemical lullaby
I wanna sleep with you tonight

When I am gone away
You can say what you wanna say
I'm dumb and I'm paranoid
A cool man a jealous boy

My chemical lullaby
I always be safe inside
Chemical lullaby
I wanna sleep with you tonight

Lullaby
There's a place where I can hide
Chemical lullaby
I wanna sleep with you tonight

Chemical lullaby
My emotional alibi
I want you to put me down
And dig my head in the ground

My chemical lullaby
I always be safe inside
Chemical lullaby
I wanna sleep with you tonight
Chemical lullaby
I always be safe inside
Chemical lullaby
I wanna sleep with you tonight
