

Kinky Machine, Cut It Down

Goodbye to aliens goodbye
It's only right to wonder why
Hello to Mr. Muscleman
Bulldog tattoos and masterplans

When I was asleep I always had a dream
We took an axe to the museum
And cut it down
We cut it down

The streets are full the shops are shut
And all the windows boarded up
The demolition's underway
Tomorrow just like yesterday

When I was asleep I always had a dream
We took an axe to the museum
And cut it down
We broke the ground
We cut it down

Goodbye to aliens goodbye
It's only right to wonder why

When I was asleep I always had a dream
We took an axe to the museum
And cut it down
We cut it down
We cut it down
And broke the ground
