

# Kinky Machine, Monkey On A String

In this circus top where the world's a stage  
I've come to do my spot when the Freakshow plays  
I get electric shocks from rattling my cage  
I don't know when to stop can't tear myself away

And just like railway tracks were built for landing aeroplanes  
You are my everything  
I knew I was born for something

I'm just a monkey on a string  
I'm just a monkey on a string  
and you're my everything  
I'm just a monkey on a string

Hanging myself up on someone like you  
Is just a gift I've got like I was born to do  
I get electric shocks...  
I'm just a monkey on a string
