

Kip Winger, I'll Be Down

I don't need you
I won't heed you
I don't need you
And I would bleed for you
Analyze me
Try to disguise me
Hypnotize me
But I won't bleed for you

I know where you run
I know where you hide
Can see you need it
And you're out of time
Don't come to me
I just came down
Glad to see ya
Glad to see ya

Come to your rescue?
Wonder how to... now

I'll be down
In the dirt
'til the earth
Has turned me inside out

Burning amber
I remember
Words of fire
Over water
Lies are felt
Seldom seen
This conversation
Seems like a dream

Come to your rescue?
Wonder how to... now

I'll be down
In the dirt
'til the earth
Has turned me inside out

Come to your rescue?
Wonder how to... now

If you need a witness
I won't make a sound
I'll be down
In the dirt
'till the earth
Has turned me inside out
