

Kirk Franklin, Help Me Believe

I just want to write you a letter. I have to be very honest with you right now. I don't really know how

[Verse 1:]

I wanna believe

But I'm having a hard time seeing past what I see right now, I see right now

I wanna be free

But when I try to fly I realize I don't know how, no one showed me how

Wish I could see that this mess I'm in will really work out for my good, you said it would

So, if you can hear me, can you give me a sign cause I don't feel you like I should, please if you co

My faith is almost gone, I can't hold on much longer, take this cup from me

[Chorus A:]

Help me Believe

Can I believe

Let Me believe

I wanna believe

I'm no good on my own, please give me another chance

It's hard to believe in what I can't see

To give you my will cause you're what's better for

You can look in my eyes and see I wanna believe, believe, believe, believe

[Verse 2:]

(I want you to know)

I wanna believe

If I never hear I'm sorry I can let it go, gotta let you go

Cause, it's killing me. Jesus you know how it feels cause you've been hurt before, don't wanna hurt

I'm trying to hear you speak, but my heart is growing weaker, take this cup from me

[Chorus B:]

Help me Believe

Can I Believe

Let me Believe

I wanna Believe

I've been here before and can't take that hurt again

It's hard to believe in what I can't see

To give you my will cause you're what's better for me

You can look in my eyes and see I wanna believe, believe, believe, believe

[Bridge:]

Believe

Believe

[Verse 3:]

I wanna believe when I close my eyes on this side I'll wake up with you, more in love with you

And, and finally, you will say my race it is over and my work is through, cause I believed in you

I know dark nights will come and some days there'll be no sunshine and you're too far to see

[Chorus A:]

Help me Believe

Can I believe

Let Me believe

I wanna believe

I'm no good on my own, please give me another chance

It's hard to believe in what I can't see

To give you my will cause you're what's better for

You can look in my eyes and see I wanna believe, believe, believe, believe
