

# Kirk Franklin, Riverside

It's Friday and my bills are due  
My 3 month old baby need some shoes  
Can you feel what I'm going through?  
Clock on the wall keeps tickin' tockin'  
No stoppin and somebody's knockin'  
On the do tellin' me to go  
My brotha I can't take no mo'  
So with my knees I hit the flo'  
And say help me Jesus, help me Jesus

Chorus:

Let's go down by the riverside  
Leave your problems all behind  
You can rest your troubled minds  
Down by the riverside

If I concentrate on all the bad  
And all the things I wish I had  
How can the dark clouds ever pass?  
Weeping may endure for a night  
But joy comes in the morning light  
God'll keep your spirit right  
So, no matter what the people say  
Ain't nobody takin' this joy away  
Inspite of everything I've been through  
I can say  
Thank you Jesus, thank you Jesus

Chorus 2x

I know sometimes troubles come  
Everybody goes through the storm and the rain  
But listen, weeping may endure for a night  
But how many of ya'll know that joy cometh in the mornin'?  
I need a witness up in here

Chorus 2x

There's a blessin' in the water ya'll  
By the riverside  
Say what now  
There's a healin' in the water ya'll  
By the riverside  
Say what now
