

# Kirk Franklin, Savior More Than Life To Me

Savior more than life to me  
You are the joy and air I breathe  
No other lover shall there be  
That makes my spirit sang

Hold me close  
Don't let me go  
You're the only friend I'll ever know  
That is why I love You so  
More than life to me  
More than life to me

Repeat 3x

More More I've been searching and You are

More More More Yes You are

You are more than life to me Yes You are

That is why I love You so

More than life to me
