

# Kiros, Let Go

just say what you're gonna say  
it doesn't matter anyway  
judge my heart my soul my all  
but i will not fall down to where you stand  
instead i'll offer you my hand  
you only see with hate and fear  
i'll move on but you'll stay here  
you see with hate i'll see with love  
you will fall down i'll rise above  
i'll be just fine you'll feel your pain  
my thoughts are mine  
you'll be ashamed
