

Kirsty Hawkshaw, Just Be

You can travel the world but you can't run away
From the person you are in your heart

Be who you want to be, make us believe in you
Keep all your light in the dark

If you're searching for truth
You must look in the mirror
And make sense of what you can see

Just be
Just be

They say learning to love yourself is the first step
You must take when you want to be real

Flying on planes to exotic locations
Won't teach you how you really feel

Face up to the fact
That you are who you are
And nothing can change that belief

Just be
Just be

Cause now I know
It's not so far
To where I go
That all is gone
It's inside me
I need to just be

I was lost
And I'm still lost
But I feel so much better

Cause now I know
It's not so far
To where I go
That all is gone
It's inside me
I need to just be

Just be

And flying on planes to exotic locations
Won't teach you how you really feel

Just be
Just be
