

Kiss, Don't You Let Me Down

Baby, don't you let me down (don't you let me down)
Don't you leave me lonely (don't you leave me lonely)
Don't you run around
I said baby (baby) when I'm on the ground, yeah
(When I'm on the ground)
Try to keep my chin up, feel I'm fallin' farther down
Ooh, you know I'm feelin' sorry
But I know that won't do
Ooh, looks like there's no tomorrow
There's no tomorrow without you
Baby (baby) don't you let me down (don't you let me down)
Don't you leave me lonely (don't you leave me lonely)
Or run around
I said baby (baby) when I'm on the ground, yeah
(When I'm on the ground)
Try to keep my chin up, feel I'm fallin' farther down
Ooh, remember when you smile so bright
Raise my heart up to my throat
Ooh, sure took hard times to drag me down
So darlin' brighten up all of my hopes
Baby (baby) when I'm on the ground, yeah
(When I'm on the ground)
Try to keep my chin up, feel I'm fallin' farther down
Try to keep my chin up, feel I'm fallin' farther down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin' down, down, down
Fallin'
