

# Kiss, Long Way Down

Gypsy, has eyes that hide the secrets no one sees  
Easy, you smile until she brings you to your knees  
Stick around 'til you get the truth  
Taste blood when you get your proof (oh yeah)  
Find that you've never understood  
Give it all, but it's meant for good (oh yeah)

And I know this life makes fools of wise men, thieves, and kings (yeah)  
When we lose we live our lives like puppets on a string  
Close your eyes and you'll lose your soul  
Do your time, but there's no parole from here  
No chance when the end is near  
Hear the words that you never thought you'd hear (yeah)  
Life whispers in your ear

It's a long way down  
When ground starts comin'  
I tried to tell you, but you would not listen  
It's a long way when you fall from the top

Yeah!

Build it all on a bed of lies  
Standing tall 'til you realize you're here  
Look away, but you can't pretend  
Gonna pray for a way when the end is near  
Life whispers in your ear

It's a long way down  
When the ground starts comin'  
I tried to tell you  
But you would not listen  
It's a long way  
Such a long, long way  
It's a long way down  
When the ground starts comin'  
I tried to tell you  
But you would not listen  
It's a long way  
Such a long, long way  
A long way down  
A long way down  
When you fall from the top

All For The Love of Rock & Roll

Yeah, yeah  
Mmmmm  
Whoo

I was just another child going wild in the city  
Just gettin' by on a dream  
I was thinking life was gonna be so pretty,  
It was pretty mean  
Yeah

I hit the road with no expectations  
Just leaving where I'd been  
I didn't care about the fame or the money  
Show me a place to play and I'm gonna go

'Cause it's all for the love of rock and roll  
Hear my music in the air, and I'm losing control  
I don't care what you heard, I don't care what you're told

'Cause it's all for the love of rock and roll

I hitched a ride on a trip going nowhere  
Got fifty bucks and I'm fine.  
Ain't a lot of dough but when you know the feeling.  
Well it feels alright, alright

When you're finished with the band and some honey grabs your hand, yeah  
You get to thinking you might  
That's when you notice there's a ring on her finger  
That's when she tells you that she's single tonight

Well it's all for the love of rock and roll  
Hear my music in the air, and I'm losing control  
I don't care what you heard, I don't care what you're told  
'Cause it's all for the love of rock and roll

I've got it made when I hit the stage at quarter to nine (yeah)  
Watch them dancin' in the haze and the band's really pumping  
You feel the rush and that's all it's about  
I'm in for life and there's no getting out of the way

Yeah  
All I want...  
All I need...

Yeah, 'cause it's all for the love of rock and roll  
Hear my music in the air, and I'm losing control  
I don't care what you heard, I don't care what you're told  
'Cause it's all for the love of rock and roll  
All for my love of rock and roll...
