

Kiss, Mainline

You know that it's easy, so come on and please me
I want you
I'm needin' some lovin', I'm hot like an oven
It's so true

You know what I want you to do
So baby, won't you let me on through, yeah
Mainline, baby won't you give it to me, one time
Mainline, baby won't you give it to me, one time

I know you could use me, so please don't refuse me
Oh love me
You've got to start givin', and baby, stop livin'
Above me

You know what I want you to do
So baby, won't you let me on through, whoo yeah
Mainline, baby won't you give it to me, one time
Mainline, baby won't you give it to me, one time

Mainline, baby won't you give it to me, one time
Mainline, baby won't you give it to me, one time

You know that it's easy, so come on and please me
I want you
I'm needin' some lovin', I'm hot like an oven
It's so true

You know what I want you to do
So baby, won't you let me on through, yeah
Mainline, baby won't you give it to me, one time
Mainline, baby won't you give it to me, one time
Mainline, baby won't you give it to me, one time
