

# Kiss, Radar For Love

Passion fire runnin' through my veins  
Get a little bit of love and I go insane  
I may talk big, baby, I don't lie  
Ooh the guys don't know but the girls know why  
Ooh girls know why, whoo oh  
Get down and get to it  
I know you can do it  
Get down and get to it  
I know you can do it, oh, oh, oh, oh

Radar for love, radar for love  
I've got radar for love  
Radar for love, ooh yeah

When you feel so hot that you can't hold still  
And you don't know how you're gonna get your fill  
Send an S.O.S. baby, I'm your man  
If I don't make good baby no one can  
Oh no one can, whoo oh  
Get down and get to it  
I know you can do it, come on  
Get down and get to it  
I know you can do it, oh, oh, oh, oh

Radar for love, radar for love  
I've got radar for love  
Radar, oh, oh  
Radar for love, radar for love  
Radar, Radar for love, oh  
Yeah, ooh yeah, one more time  
Get down, ooh get down, get down, oh, oh, oh

Radar for love, radar for love  
I've got radar for love  
Radar, ooh baby, baby  
Radar for love, radar for love  
Radar for love, n-n-n-n-now, radar for love, come on  
Radar, ooh, radar, ooh yeah  
Radar, oh, radar, oh yeah, radar, oh yeah  
Radar for love, radar, come on, radar, ha, radar, radar  
S.O.S, radar, radar, get the message, sugar, radar, radar for love
