Kiss, You're All That I Want

You're the only girl I've been dreamin' of You're the only woman I ever loved I want you to believe it's true There's nothing I would rather do My heart belongs to you, I know what I'm at

You're all that I want You're all that I need You're all that I see You're everything to me You're all that I want

And you need to feel my love inside And I need to show what I can't hide It's something that you just can't fight It feels so good it must be right There ain't no use in lyin' to myself

Chorus: You're all that I want You're all that I need You're all that I see You're everything to me You're all that I feel You're my dream come true You're my everything No matter what you do You're all that I want

And if you leave me, don't say goodbye, 'cause you're all I need to get by

chorus to fade
