

# Kittie, Raven (live)

Not feeling, not nothing  
Good intentions but jealousy takes over all  
Excuses, abuses  
This time I know it's not over so I  
Take all my pride  
And I shove it back down inside  
This time harassment's gone too far

Chorus:  
Get away from me!  
Stay the fuck away from me!(x4)

He wanted more  
Wanted a silenced whore  
You ruined my life  
Kill me now and BURN MY SOUL

Get away from me!  
Stay the fuck away from me!(x4)

What do you see in me  
I can't go out at night  
Answer me  
Tell me gotta do it like this  
Gotta do it like that  
Answer me  
What about all those times  
You looked me in the eyes  
And said you lied  
You know it's over  
It's over (x3)  
I'm through

Get away from me!  
Stay the fuck away from me!(x4)

You.....sold your soul to me!
