

# Kittie, Sweet Destruction Interlude

Life is cold when you're wounded  
Nothing stings so deep  
I'm in love with this weakness  
It's becoming me  
I'm not here  
In this moment  
Will this last forever?  
Oh my sweet Lies,  
Destruction  
Be the death of me  
There are things  
Left unspoken  
Built on broken dreams  
I would end my life for this  
Would you die for me?
