

Kitty Wells, Going Through The Motions (Of Living)

(Going through the motions of living)

He seemed to love me so how was I to know I'd be going through the motions of living

I've lost so much within I'll never love again I'm going through the motions of living

When you see me dressed in my very best I'm going through the motions of living

It isn't really me it's what I used to be I'm going through the motions of living

You have to live so much to know so little so little in return for all the giving

We laughed we loved I cried we parted and I died

Now I'm going through the motions of living

I'm just going through the motions of living
