

Kitty Wells, I'll Reap My Harvest In Heaven

The time has come to the part from this world and prove my heavenly word
My Maker told me to give all my crops to his children here on earth
I'll reap my harvest in heaven on that beautiful shore
I'll plow a field up in Glory and live in peace evermore
The world I leave to my neighbor till we meet at that heavenly door
I'll reap my harvest in heaven on that beautiful shore

[piano]

The time has come I must hurry along don't cry for me when I'm gone
I'm going over that heavenly road that we all must travel on
I'll reap my harvest in heaven...
