

Kitty Wells, I've Got Him Fooled

I've got him thinking that I'm happy but what he's thinking isn't true
For I've been lonely since we parted he thinks I'm happy I've got him fooled
He don't know that I still love him for I don't let my hurt show through
Just because I'm always smiling he thinks I'm happy I've got him fooled
[piano]
I've got him thinking I don't miss him but missing him is all I do
Just because I won't tell him he thinks I'm happy I've got him fooled
He don't know that I still love him...
