

Kitty Wells, I've Got You On My Mind Again

I've got you on my mind again you've been there since I don't know when
I said that I'd forget that I'd never look back
That I'd find somebody else a little further down the track
But that same old hurt is back once more it's hurt since you walked out the door
And as the long day ends and the lonely night begins I've got you on my mind again

Well I said that you'd be out of mind when you've got out of sight
That there'll never be one lonely moment or one sleepless night
But lately I've been finding out just what a heartache means
For every time I close my eyes I see you in my dreams
And I've got you on my mind...
I've got you on my mind again
