

Kitty Wells, Invitation To Your Party

I received my invitation to your party and I hope that you don't think that I'll attend

Although I'm not conceding or a smarting

I still recall the things that might have been

I recall many times you said you love me before your someone new drove us apart

Did you invite me to your party cause you miss me

Or to let your friends all see my broken heart

[guitar]

So you see why I won't be there at your party

I'd see you and my heart would break anew

So I'll just keep my tearstain invitation you go ahead and keep your someone new
