

# Kitty Wells, It's Written All Over Your Face

It's written all over your face

If you weren't to chose between the two of us I wouldn't even be in the race

You don't have to tell me what she means to you it's written all over your face

I'd rather not have you than have you like this with you wanting her in my place

So leave me I know that's what you want to do it's written all over your face

I've tried but I can't even talk to you you just sit and stare into space

A thousand thoughts of her are running through your mind

It's written all over your face

I'd rather not have you...
