

Kitty Wells, Make Up Your Mind

If you'd make up your mind
Quit triffin' all the time
If you'd make up your mind, I still love you

If you'd quit foolin' around
And be the guy I thought I found
I'd love you if you'd just make up your mind

Go settle down
And quit your triffin' ways
'Cause the buggarman's gonna get you one of these days

If you'd just settle down
You'd be the sweetest guy in town
I'd love you if you'd just make up your mind

If you'd make up your mind
Quit flirtin' all the time
If you'd make up your mind, I still want you

If you'd quit seein' the town
And ev'ry girl that's hangin' around
I'd love you if you'd just make up your mind

Go settle down
And quit your triffin' ways
'Cause the buggarman's gonna get you one of these days

If you'd just settle down
You'd be the sweetest guy in town
I'd love you if you'd just make up your mind
