Kitty Wells, Make Up Your Mind

If you'd make up your mind Quit triflin' all the time If you'd make up your mind, I still love you

If you'd quit foolin' around And be the guy I thought I found I'd love you if you'd just make up your mind

Go settle down And quit your triflin' ways 'Cause the buggarman's gonna get you one of these days

If you'd just settle down You'd be the sweetest guy in town I'd love you if you'd just make up your mind

If you'd make up your mind Quit flirtin' all the time If you'd make up your mind, I still want you

If you'd quit seein' the town And ev'ry girl that's hangin' around I'd love you if you'd just make up your mind

Go settle down And quit your triflin' ways 'Cause the buggarman's gonna get you one of these days

If you'd just settle down You'd be the sweetest guy in town I'd love you if you'd just make up your mind
