

Kitty Wells, My Bible

[Kitty]

There's a book a whole more precious than anything on earth

No wealth of gold or jewels are equal to its worth

I go to it in trouble when my heart is sick and sore

I always find a comfort my soul is searching for

The Bible is the written word the living word you see

My Bible and my Saviour are all the same to me

The more I read the more I know he cares and understands

And when I read my Bible my Saviour holds my hand

[guitar]

The Bible is the best for me its teachings are so true

And when I've searched with open mind it tells me what to do

And when I'm sad and lonely it always gives me rest

Of all the other books I find my Bible is the best

The Bible is the written word
