

Kitty Wells, Shape Up Or Get Out

Playboy Charlie where you stayed last night

Came home this morning sun was shining bright

Blood shot eyes and mouth full of lies I'm fed up with your alibis

You know and I know you don't treat me right

I married you for love and all we do is fuss and fight

I'm no dumb dumb I know what it's about

You better shape up or you're gonna get out

[steel]

You stay out from midnight till dawn it doesn't hurt you cause I'm home alone

If you were me you wouldn't do me this way this is a game daddy too can play

You know and I know...

[steel]

You know and I know...
