

# Kitty Wells, Standing Room Only

In your heart there's just standing room only you had so many lovers before

But please pity your life that's been lonely and let me come in your heart's door

In your heart there's just standing room only but you know laugh is deeper than cry

If I can't be your one and only I'd be happy just to stand there in style

With you now I plead oh so lonely don't lock me outside with no key

In your heart there's just standing room only but I beg you make room for me

In your heart there's just standing room only...
