

Kitty Wells, This Old Heart

Now this old heart has been around it's been up and it's been down

It's been walked on till it's had shot but it's still the only heart that I've got

Now you're the last one to come along so treat it right don't do it wrong

And if you love me love me a lot for it's still the only heart that I've got

[guitar]

Now it's no joy and it's no tears it's no happiness and it's no fear

It holds memories and there are lot but it's still the only heart that I've got

Now you're the last one...
