

Kitty Wells, When Your Little High Horse Runs Down

You've got on a little high horse and you said that this was end

You jumped right up and said goodbye and out the door you went

Well your --- now but you'll soon pull down

I know that you'll be coming back when your little high horse runs down

I'm not gonna worry because you're gone I know that you won't stay

For the little high horse that you're on now will soon fade away

And just as soon as you'll pull off you'll be back around

I know that you'll be coming back when your little high horse runs down

[guitar]

I know that it won't be long till you try to call

But I'm gonna let the phone ring till it rings off the wall

I'll make you think that I've stepped out bet I'm not around

I know that you'll be coming back when your little high horse runs down

I'm not gonna worry...

I know that you'll be coming back when your little high horse runs down
