

Kitty Wells, You're No Angel Yourself

Your jealous heart I can't understand you get mad if I look at another man
No faith in your love no respect for mine making things up in your selfrighteous mind
You're no angel yourself why pretend to be you may fool others but you can't fool me
Take away false strife what have you got left
Climb off your high horse you're no angel yourself
[steel]
When we took the vows that made us one our love was sweet and life was fun
Sure I made mistakes before I met you but at yourself didn't you make them too
You're no angel yourself...
