

Klaas, Feel The Love

Feel the love
Feel the love that's lost
And lay the blame on you
I better find another love
That is really true

Feel the love
Feel the love that's lost
And lay the blame on you
I guess it's time to find love
That is really true

Ohh feel the love, feel the love
Feel the love, feel the love

Now it's time to show
Who I wanna be

You try to take the best of me
You held me down

You held me down

Now it's time to (now it's time)
Now it's time to show
Who I wanna be
You try to take the best of me
You held me down

Watched me down on my knees
But you know I get through
So right now what's next
What is to do

Feel the love
Feel the love that's lost
And lay the blame on you
I better find another love
That is really true

Feel the love
Feel the love that's lost
And lay the blame on you
I guess it's time to find love
That is really true

Ohh feel the love, feel the love
Feel the love, feel the love

You held me down

Feel the love
