

Klaatu, California Jam

"California Jam"

(John Woloschuk / Dino Tome)

Hodad made the scene totin' a six-pack of cold cola
A stogie smokin' in hand
A' groovin' in his sandals

California's on my mind
Surf 'n' sand setting in the sun
California's on my mind
One day you're gonna be a place in our memory
Na na na na na na

When Woody hit the dunes flying foxtails and Old Glory
Rubber ripped the sand
He gunned a souped-down stingray
Hey, hey, hey

Ah -----, California
She's in Mythical Malibu sitting on the ocean
Good-bye Mythical Malibu
The San Andreas Misfortune will claim the lives of sons and wives
The headlines will fill page after page

California's on my mind
Surf 'n' sand setting in the sun
In the sun, in the sun
In the setting sun
Ba ba ba ba ba ba ba

One day you're gonna be one sweet memory
Oh yeah, California
Swingin' on the beach to the sounds of their time
Yeah, yeah, yeah ...
