

KMFDM, Bumaye

Fatally

Beautiful and twisted, couldn't help but be drawn in
Fearlessly, bold determination
Only trouble you have been
Carry murder in your heart
Like poetry, a work of art
Knew just how this would end
From the very start

Shame on you

Cut me 'til I bleed, taking more than what you need
Apathy, an omen, forewarning
Couldn't help but heed the call
Your prize possession skeletons
Scattered bones laid to rest
So many secrets, I'm surprised you haven't choked
I've learned a thing or two about your sick devotion
So there's no misunderstanding, I'm on to you

Bumaye

Es hat mich so erschreckt
Du hast mich so schrecklich erschreckt
Ich bin ngstlich und habe frchterlichen Durst
Ich bin rgerlich
So furchtbar verrgert
Und dermassen geladen
Dass ich kotzen knnte

Let it all be done

Walk the gauntlet, tow the line
Hell hath no fury like my kind
Murder, madness, death divine
Seek my wrath and ye shall find
