

KMFDM, Hydroelectric

Float flushed flowing like a riptide
Suffer this calamity
Drift swim hovering beside you
Question my humanity

It's a complex state
Another dimension
Blind as I sink to the other side
Calling me waking to a hurricane
Crush wave feels like I could flatline

Thermal fluorescence is all I remember
Succumb I surrender to this
Here to eternity not a reality
Only the pulse of insanity

Bombastic high
I thrive on this disease
Liquify sub-zero freeze

Initiate you germinate
It's you that moves me hydro-electric
Dive deep down
You dominate me
Invite induce and violate
Intoxicate
Hydro-electric you you you
Dominate me

It's the ebb and flow
Eternal connection
A trickle of rain shrouding the delta
Calling me waking to a hurricane
Watery grave
Cryogenic shelter

A broken reflection on the surface of never
From here to forever and back
Total viscosity into fluidity
Only the pulse of infinity
