

# KMFDM, You're No Good

Deceitful unforgiving  
Whoever the hell you think I am  
Bring me to my knees  
Let me be myself again  
Forgive, forget  
Hold it against me in contempt  
Drowning me in tears  
Bitter salt that knows no fear

I'm better off alone  
Keep to myself so nobody knows  
Misery follows me everywhere I go

Hello hello I'm back again  
Run run run run while you can  
Hello hello I'm back it's me  
The mother load of misery  
You're no good  
Misery follows me wherever I go

Deranged in paranoia  
I am just no use at all  
Don't count on me  
I won't be responsible

Punishing discontent  
Gotta get a grip  
My mind's working overtime  
Twisting in a tourniquet  
Ticking like a timebomb  
Another pound of flesh  
Red alert emergency  
I'm headed for a crash

To have to hold  
All in good time  
I'd ruin that too  
I'm better off alone  
Keep to myself  
So nobody knows  
Misery follows me wherever I go
